28 DECLARATION OF DANIEL H. QUALLS

herein for Plaintiff Valerie D. Watson-Smith. The following is based on my personal knowledge, and if called upon to do so, I could and would competently testify thereto.

- On November 2, 2007, Watson-Smith sent by certified mail a Notice Of Violations 2. to the California Labor and Workforce Development Agency (LWDA) as required by section 2699.3(a)(1) of the PAGA. A true and correct copy of Plaintiff's November 2, 2007, letter is attached hereto as Exhibit A.
- On December 10, 2007, the LWDA informed Plaintiff that it did not intend to 3. investigate claims as set forth in the Notice Of Violations. Attached hereto as Exhibit B is a true and correct copy of the LWDA's December 10, 2007 letter.
- On April 2, 2008, Magistrate Brazil ordered Defendant Spherion to produce a witness pursuant to Federal Rule of Civil Procedure (FRCP) 30(b)(6) regarding Spherion's meal period policies and practices applied to California hourly employees during the proposed class period and Spherion's meal period and compensation record keeping policies and practices. On May 30, 2008, Spherion produced Spherion Human Resources Manager Joan Orzo (Orzo) as the designated FRCP 30(6)(b) witness on the subjects of Spherion meal period policies and practices and Spherion meal period and compensation record keeping policies and practices. A true and correct copy of excerpts of Ms. Orzo's testimony are attached hereto as Exhibit C. Attached hereto as Exhibit D is a true and correct copy of an exemplar of a Spherion electronic time record.
- 5. Attached hereto as Exhibit E is Plaintiff's proposed First Amended Complaint (FAC). The proposed PAGA claim as set forth in the FAC does not give rise to new or difference factual or legal issues because it is entirely derivative of existing wage and hour claims set forth in Plaintiff's current Complaint.
- Counsel for Defendant Spherion has informed me that Defendant does not oppose 6. Plaintiff's request for leave to add a PAGA claim, and so advised the Court at the Case Management Conference held on June 20, 2008.
- The proposed amendment to the definition of Class A, is not sought in bad faith, 7. and does not constitute an exercise in futility. The amendment sought to Class A seeks to more

narrowly define Class A class in light of workplace circumstances of putative class members, as well as eliminate potentially disparate working conditions which may be claimed by Defendant within a single class by formation of two related but distinct subclasses. The amendment in my opinion will not cause undue prejudice to Spherion, as the amendment sought narrows the scope of the existing proposed class, and is based upon the same facts and legal claims as Class A as currently defined.

I declare under penalty of perjury that the foregoing is true and correct and that this Declaration was executed July 28, 2008, in San Francisco, California.

Re:

Notice Of Violations Of California Labor Code Sections 226, 226.7, 512, 588, 1194, and Pursuant To California Labor Code Section 2699 et.seq.

To Whom It May Concern:

Our offices have been retained by Valerie Watson-Smith. Ms. Watson-Smith is an employee of Spherion Pacific Workforce, LLC (Spherion). Ms. Watson-Smith contends that Spherion failed to pay her overtime for hours worked, and failed to provide her, and similarly situated Spherion employees, with rest and meal periods as prescribed by California Labor Code section 226.7, and compensation as a consequence pursuant to California Labor Code section 512. As a consequence of the aforementioned conduct and violations, Watson-Smith further contends that Spherion also failed to provide accurate wage statements to her, and Spherion employees similarly situated, in violation of California Labor Code section 226 and 1174. Said conduct, in addition to the forgoing, violates Labor Code §§ 201-204, 221, 224, 226, 226.7, 558, 1174, 1194, and each Labor Code section as set forth in California Labor Code section 2699.5.

This notice is provided to enable Ms. Watson-Smith to proceed with her complaint filed in the Alameda County Superior Court against Spherion as authorized by California Labor Code section 2695, et. seq.

Very truly yours,

And flexible staff will typically follow the work schedules assigned by the client for client personnel.") BY MR. QUALLS Q What is flexible staff? A I don't have the answer to that question. Q Now with respect to temporary personnel, is it your testimony that client or client personnel schedule their meal periods? 1 Spherion to Cisco can work for any of our business 2 units.

3 But to my knowledge, there is on-site presence 4 that would -- is that true? There is an on-site 5 presence at the account from Spherion. And therefore, 6 depending on who placed the person at the Cisco account, 7 they may or may not be managed directly by the branch. 8 BY MR. QUALLS

- O So it may or may not be the case that an employee at the Cisco site was -- had time records processed by branch personnel; is that correct?

- 16 Q In the event that a Spherion employee is 17 placed at the Cisco site and there is not a supervisor 18 on-site, that employee would have time records processed 19 by branch personnel; is that correct?
- 20 A In most circumstances, yes.
- 21 Q Let me turn your attention, ma'am, if I could, 22 to -- again, to Exhibit 5. Turning your attention to 23 page 12.

21 A The client outlines the work schedule of our 22 employees on assignment. We communicate to them what 23 that should be. That includes the meal breaks.

- 10 Q Yes, ma'am.
- A It would have been, as I mentioned before, 11

 - And so your question --

 - THE WITNESS: I'm going to say correct, in

a day-to-day basis to provide the meal period break 2 promised?

> 3 MR. SANDERSON: Objection. Overbroad. Same 4 objection as the last question.

- 5 BY MR. QUALLS
 - O You can answer.
 - They would not -- the client would not interfere with our person's taking their lunch break.
 - Q Anything else?
 - A I can't think of anything.
 - Q Does the client do anything to affirmatively provide the employee with a promised meal period?

MR. SANDERSON: Same objections.

THE WITNESS: Can you repeat the question for me, please.

(The deposition officer read back the question as follows:

"OUESTION: Does the client do anything to 18 19 affirmatively provide the employee with a promised meal

20 period?") 21 THE WITNESS: They would -- again, they

- 22 wouldn't interfere with them taking their lunch period. 23 They wouldn't require them to perform work during their
- 24 meal period. That's all I can think of.

PARTIES

- 1. Plaintiff Watson-Smith is a California resident and natural person.
- 2. Plaintiff is informed and believes and on that basis alleges that Spherion Pacific Workforce, LLC (Spherion and/or Defendant) is and at all times material herein mentioned was, a corporation doing business in the State of California and within the County of Alameda.
- 3. The names and capacities of defendants sued herein under California Code of Civil Procedure §474 as Does 1 through 100, inclusive, are presently not known to Plaintiff, who therefore sues these defendants by such fictitious names. Plaintiff will seek to amend this Complaint and include these Doe defendants' names and capacities when they are ascertained. Each of the fictitiously named defendants is responsible in some manner for the conduct alleged herein and for the injuries suffered by Plaintiff, the members of the Class and the general public.
- 4. At all times mentioned in the causes of action alleged herein, each and every defendant was an agent and/or employee of each and every other defendant. In doing the things alleged in the causes of action stated herein, each and every defendant was acting within the course and scope of this agency or employment and was acting with the consent, permission and authorization of each of the remaining defendants. All actions of each defendant as alleged in the causes of action stated herein were ratified and approved by every other defendant or their officers or managing agents.

FACTS APPLICABLE TO ALL CLAIMS

- 5. Plaintiff incorporates herein by reference each and every allegation set forth in paragraphs 1 through 4 above.
- 6. This action alleges that Defendant failed to pay its California hourly employees compensation for work without meal break periods in violation of California Labor Code § 226.7 and applicable Industrial Welfare Commission Orders, failed to reimburse its California employees for work related travel expenses, and failed to pay its California employees overtime wages.
- 7. This action seeks relief for unremedied violations of California law, including, inter alia; damages, and/or restitution, as appropriate, to members of the Class, and to victims of the

- practices at issue, who have not received compensation for labor provided without meal period breaks, and who have failed to receive accurate itemized statements.
- 8. Watson-Smith is an adequate and proper class representative. Watson-Smith brings this action in her individual capacity, on behalf of all others similarly situated, and, pursuant to California Business & Professions Code §17204, on behalf of the general public. Plaintiff Watson-Smith was and is employed by Spherion in California, within the four years preceding the filing of this Complaint, and paid on an hourly basis. While employed by Spherion, Plaintiff Watson-Smith was required to work without meal period breaks as defined and required by law. Defendant failed to provide Watson-Smith, and all other similarly situated Spherion California employees, with off-duty meal period breaks, compensation for the lack of said breaks, and failed to provide Watson-Smith and all others similarly situated California employees with an accurate itemized statement. While employed by Defendant, Plaintiff was and is required to incur employment related expenses. Defendant failed to reimburse Plaintiff, and similarly situated employees of Defendant, for employment-related expenditures. It was and is Defendant's policy and practice to require out of workplace travel by persons employed in California, and fail to pay reimbursement for mileage expenses by said employees. Defendant's policy and practice also requires persons to use cellular phones to perform their jobs and fails to reimburse for expenses incurred by said employees to use the cellular phones. Said policy and practice was uniformly applied to Plaintiff and class members.
- 9. Defendants are, and at all relevant times were, employers under applicable California Industrial Welfare Commission Orders.
- 10. This action seeks relief on behalf of a class of persons in the employ of Spherion in California within four years preceding the filing of this complaint and the present comprised of:

Class A

Subclass 1

Persons paid on an hourly basis working on a customer site for whom Spherion electronic time records depict a meal period not taken, and who did not receive a compensation payment by Spherion for the lack of a meal period in said pay period.

Subclass 2

Persons paid on an hourly basis working on a customer site without the presence of a Spherion supervisor for whom Spherion time records depict a meal period not taken, and who did not receive a compensation payment by Spherion for the lack of a meal period in said pay period.

Class B

Persons for whom work duties included employee supplied vehicular travel;

Class C

Persons paid on an hourly basis placed by Spherion with Cisco Systems as recruiters.

- 11. The class is sufficiently numerous, since it is estimated to include approximately 2,000 or more Spherion employees geographically dispersed throughout California, the joinder of whom in one action is impracticable, and the disposition of whose claims in a class action will provide substantial benefits to both the parties and the Court.
- 12. There is a well-defined community of interest in the questions of law and fact involved affecting the parties to be represented. The questions of law and fact common to the Class predominate over questions that may affect individual class members, including but not limited to the following:
 - (a) whether Spherion implemented and engaged in a systematic practice whereby it unlawfully failed to provide hourly employees meal period breaks and failed to pay employees for the lack of meal breaks as required by law;
 - (b) Whether it was and is Defendant's policy and practice to require out of office employee supplied automobile travel by persons employed in California, and fail to pay reimbursement for mileage expenses by said employees;
 - (c) Whether it was and is Defendant's policy and practice to require employees to use cellular telephones and fail to pay reimbursement for cellular telephone expenses by said employees;

- (d) Whether it was and is Defendant's policy and practice to require employees who worked as recruiters and Spherion placed with Cisco Systems to work in excess of 8 hours per day and 40 hours per week without overtime pay;
- (d) whether Spherion implemented and engaged in a systematic practice whereby it failed to provide accurate itemized statements to California hourly employees;
- (e) whether the systematic acts and practices of Spherion as alleged herein violated, inter alia, applicable provisions of the California Labor Code, including but not limited to, Sections 226, 226.7, 512, 2802, 1194, and 2698, and applicable Industrial Welfare Commission Orders, and California Business & Professions Code § 17200, et seq.
- 13. Because Plaintiff worked on a daily and weekly basis, routinely worked through meal breaks as depicted on Spherion records for which Plaintiff was not properly compensated, was routinely required to incur mileage and cellular telephone expenses for which Plaintiff was not reimbursed, routinely worked in excess of 8 hours per day and 40 hours per week without overtime pay, and failed to receive timely and accurate itemized statements, Plaintiff is asserting claims that are typical of the claims of the Class.
- 14. Plaintiff will fairly and adequately represent and protect the interests of the Class in that he has no disabling conflict of interest that would be antagonistic to those of the other members of the Class. Plaintiff has retained counsel who are competent and experienced in the prosecution of class action wage and hour violations.
- 15. Because Plaintiff and the members of the Class have all similarly suffered irreparable harm and damages as a result of Spherion's unlawful and continuously wrongful conduct, including but not limited to Spherion's systematic failure to provide for meal period breaks, and systematic failure to pay for meal break periods worked, class treatment is especially appropriate. Because the hours worked and employment circumstances by Spherion employees and class members follow common patterns, all of which are reflected in the records possessed by

Spherion, this action will provide substantial benefits to both. Absent this action, Spherion's unlawful conduct will continue unremedied and uncorrected.

FIRST CAUSE OF ACTION

4 5

(Failure To Provide Meal Period Breaks And Accurate Wage Statements Pursuant To California Labor Code Sections 226, 226.7, 512)

6 7 16. Plaintiff Watson-Smith hereby incorporates by reference the allegations contained in paragraphs 1-15 of this Complaint as if fully set forth herein.

8

17. During all relevant periods, Defendant illegally and unlawfully required Plaintiff Watson-Smith and class members to work through meal period breaks.

10

11

18. During all relevant periods, both the California Labor Code and the pertinent wage orders required that Plaintiff Watson-Smith and class members be compensated for the absence of meal period breaks. Spherion failed to compensate Plaintiff and class members for the lack of

1213

meal periods as required by law. Plaintiff and class members are entitled to recover their unpaid compensation arising there from.

1415

19. By unlawfully requiring Plaintiff and class members to work without meal breaks and in failing to properly compensate Plaintiff and class members for the lack of meal periods as alleged herein, Spherion acted in willful, oppressive and conscious disregard of Plaintiff and class

17 18

16

20. Plaintiff and the other members of the class are therefore entitled to the relief

members' statutory and regulatory right to meal periods and compensation.

19 20

21

SECOND CAUSE OF ACTION

2223

(Failure To Reimburse Employee Expenses Pursuant to Labor Code Section 2802)

24

21. Plaintiff incorporates by reference the allegations contained in paragraphs 1-20 of this Complaint as if fully set forth herein.

2526

22. During all relevant periods, Defendant failed to reimburse Plaintiff and class members for business related mileage and cellular telephone expenses. As a result, Defendant failed to pay the Plaintiff and class members expense reimbursements owed by law. Plaintiff and class members are entitled to recover their unpaid expenses and penalties arising there from.

23. Plaintiff and class members are therefore entitled to the relief requested below.

THIRD CAUSE OF ACTION

(Failure To Pay Overtime Wages Pursuant to Labor Code Section 1194)

- 19. Plaintiff repeats and re-alleges each and every allegation set forth in all of the foregoing paragraphs as if fully set forth herein.
- 20. During all relevant periods, Defendant required Plaintiff and class members to work shifts in excess of eight hours per day, and to work in excess of forty hours per week.
- 21. During all relevant periods, both the California Labor Code and the pertinent wage orders required that all work performed by an employee in excess of eight hours in any workday, on the seventh day of work in any workweek, or in excess of forty hours in any workweek be compensated at one and one-half times the employee's regular rate of pay. Defendant failed to compensate Plaintiff and class members for overtime hours they worked in excess of eight hours in any workday or in excess of forty hours in any workweek, at one and one-half times a rate of pay, based upon their regular rate of pay. As a result, Defendant's failed to pay Plaintiff and class members earned overtime wages and failed to provide Plaintiff and Class members itemized statements as required by California Labor Code Section 226. Plaintiff and class members are entitled to recover their unpaid overtime compensation and liquidated damages arising there from.
- Plaintiff and the other members of the class members are therefore entitled to the 22. relief requested below.

FOURTH CAUSE OF ACTION

(Unlawful, Unfair And Fraudulent Business Practices Pursuant To Business & Professions Code Sections 17200, et seq.)

- 24. Plaintiff and class members incorporate by reference the allegations contained in paragraphs 1-23 of this Complaint as if fully set forth herein.
- 25. Business & Professions Code section 17200, et seq. prohibits acts of unfair competition, which shall mean and include any "unlawful business act or practice."

- 26. The policies, acts and practices heretofore described were and are an unlawful business act or practice because Spherion's failure to provide meal period breaks, failure to pay compensation for work without meal period breaks, failure to reimburse for work related expenses, failure to pay overtime wages, and failure to provide accurate and timely itemized statements violates applicable Labor Code sections, including but not limited to California Labor Code §§ 226, 226.7, 512, 1194, 2802, applicable Industrial Welfare Commission Wage Orders, the Labor Code Private Attorney General Act of 2004, Labor Code Section 2698 et. seq. and other provisions of California common and/or statutory law. Plaintiff reserves the right to allege additional statutory and common law violations by Defendant. Such conduct is ongoing to this date.
- 27. Business & Professions Code §17200, et seq. also prohibits acts of unfair competition, which shall mean and include any "unfair business act or practice."
- 28. The policies, acts or practices described herein were and are an unfair business act or practice because any justifications for Spherion's illegal and wrongful conduct were and are vastly outweighed by the harm such conduct caused Plaintiff, class members, and the members of the general public. Such conduct is ongoing to this date.
- 29. Plaintiff and the other members of the Class are therefore entitled to the relief requested below.

FIFTH CAUSE OF ACTION

(Labor Code Private Attorneys General Act of 2004: Labor Code Sec. 2698)

- 30. Plaintiff incorporates by reference the allegations contained in paragraphs 1-29 of this Complaint as if fully set forth herein.
- 31. The policies, acts and practices heretofore described were and are an unlawful business act or practice because Spherion's failure to provide meal period breaks, failure to pay compensation for work without meal period breaks, and failure to provide accurate wage statements to Plaintiff and class members violates applicable Labor Code sections and gives rise to statutory penalties as a result of such conduct, including but not limited to penalties as provided by

Labor Code §§ 203, 226.3, 558, and 2699.5, and applicable Industrial Welfare Commission Wage Orders. Plaintiff, as an aggrieved employee, hereby seeks recovery of civil penalties as prescribed by the Labor Code Private Attorney General Act of 2004 on behalf of herself and other current and former employees of Spherion against whom one or more of the violations of the Labor Code was committed.

PRAYER FOR RELIEF

WHEREFORE Plaintiff prays for judgment and relief as follows:

- 1. An order certifying that the action may be maintained as a class action;
- 2. Compensatory and statutory damages, penalties and restitution, as appropriate and available under each cause of action, in an amount to be proven at trial based on, inter alia, the unpaid balance of compensation Defendant owes;
 - For punitive damages as appropriate and available under each cause of action; 3.
- 4. An order enjoining Defendant from pursuing the policies, acts, and practices complained of herein;
 - 5. Costs of this suit;
 - 6. Pre- and post-judgment interest; and,
 - 7. Such other and further relief as the Court deems just and proper.
